HIGH SCHOOL Online Foundation Programme

2022 dates

Our **High School Online Foundation Programme** will prepare international students for the challenges of studying in an English-speaking environment and help them develop the required academic and independent study skills in an engaging and personalised way.

Your benefits:

- NZQA validated online training course for a smooth transition to your chosen high school
- High proportion of synchronous engagement with the teacher to ensure fast progress
- Personalised approach to suit your academic style
- Learn to work collaboratively and independently
- Improve your language and academic skills required for high school studies in any English-speaking country
- Become a more confident and successful learner

Programme includes:

- 15 hours of synchronized online teaching per week including one hour of 1:1 with your tutor
- English, Maths and Science classes
- Course content covers the skills needed to succeed in high school in New Zealand or any other English-speaking country
- 5 hours of self-study per week on Kiwi's secure learning platform
- 2 progress interviews
- High level of student support
